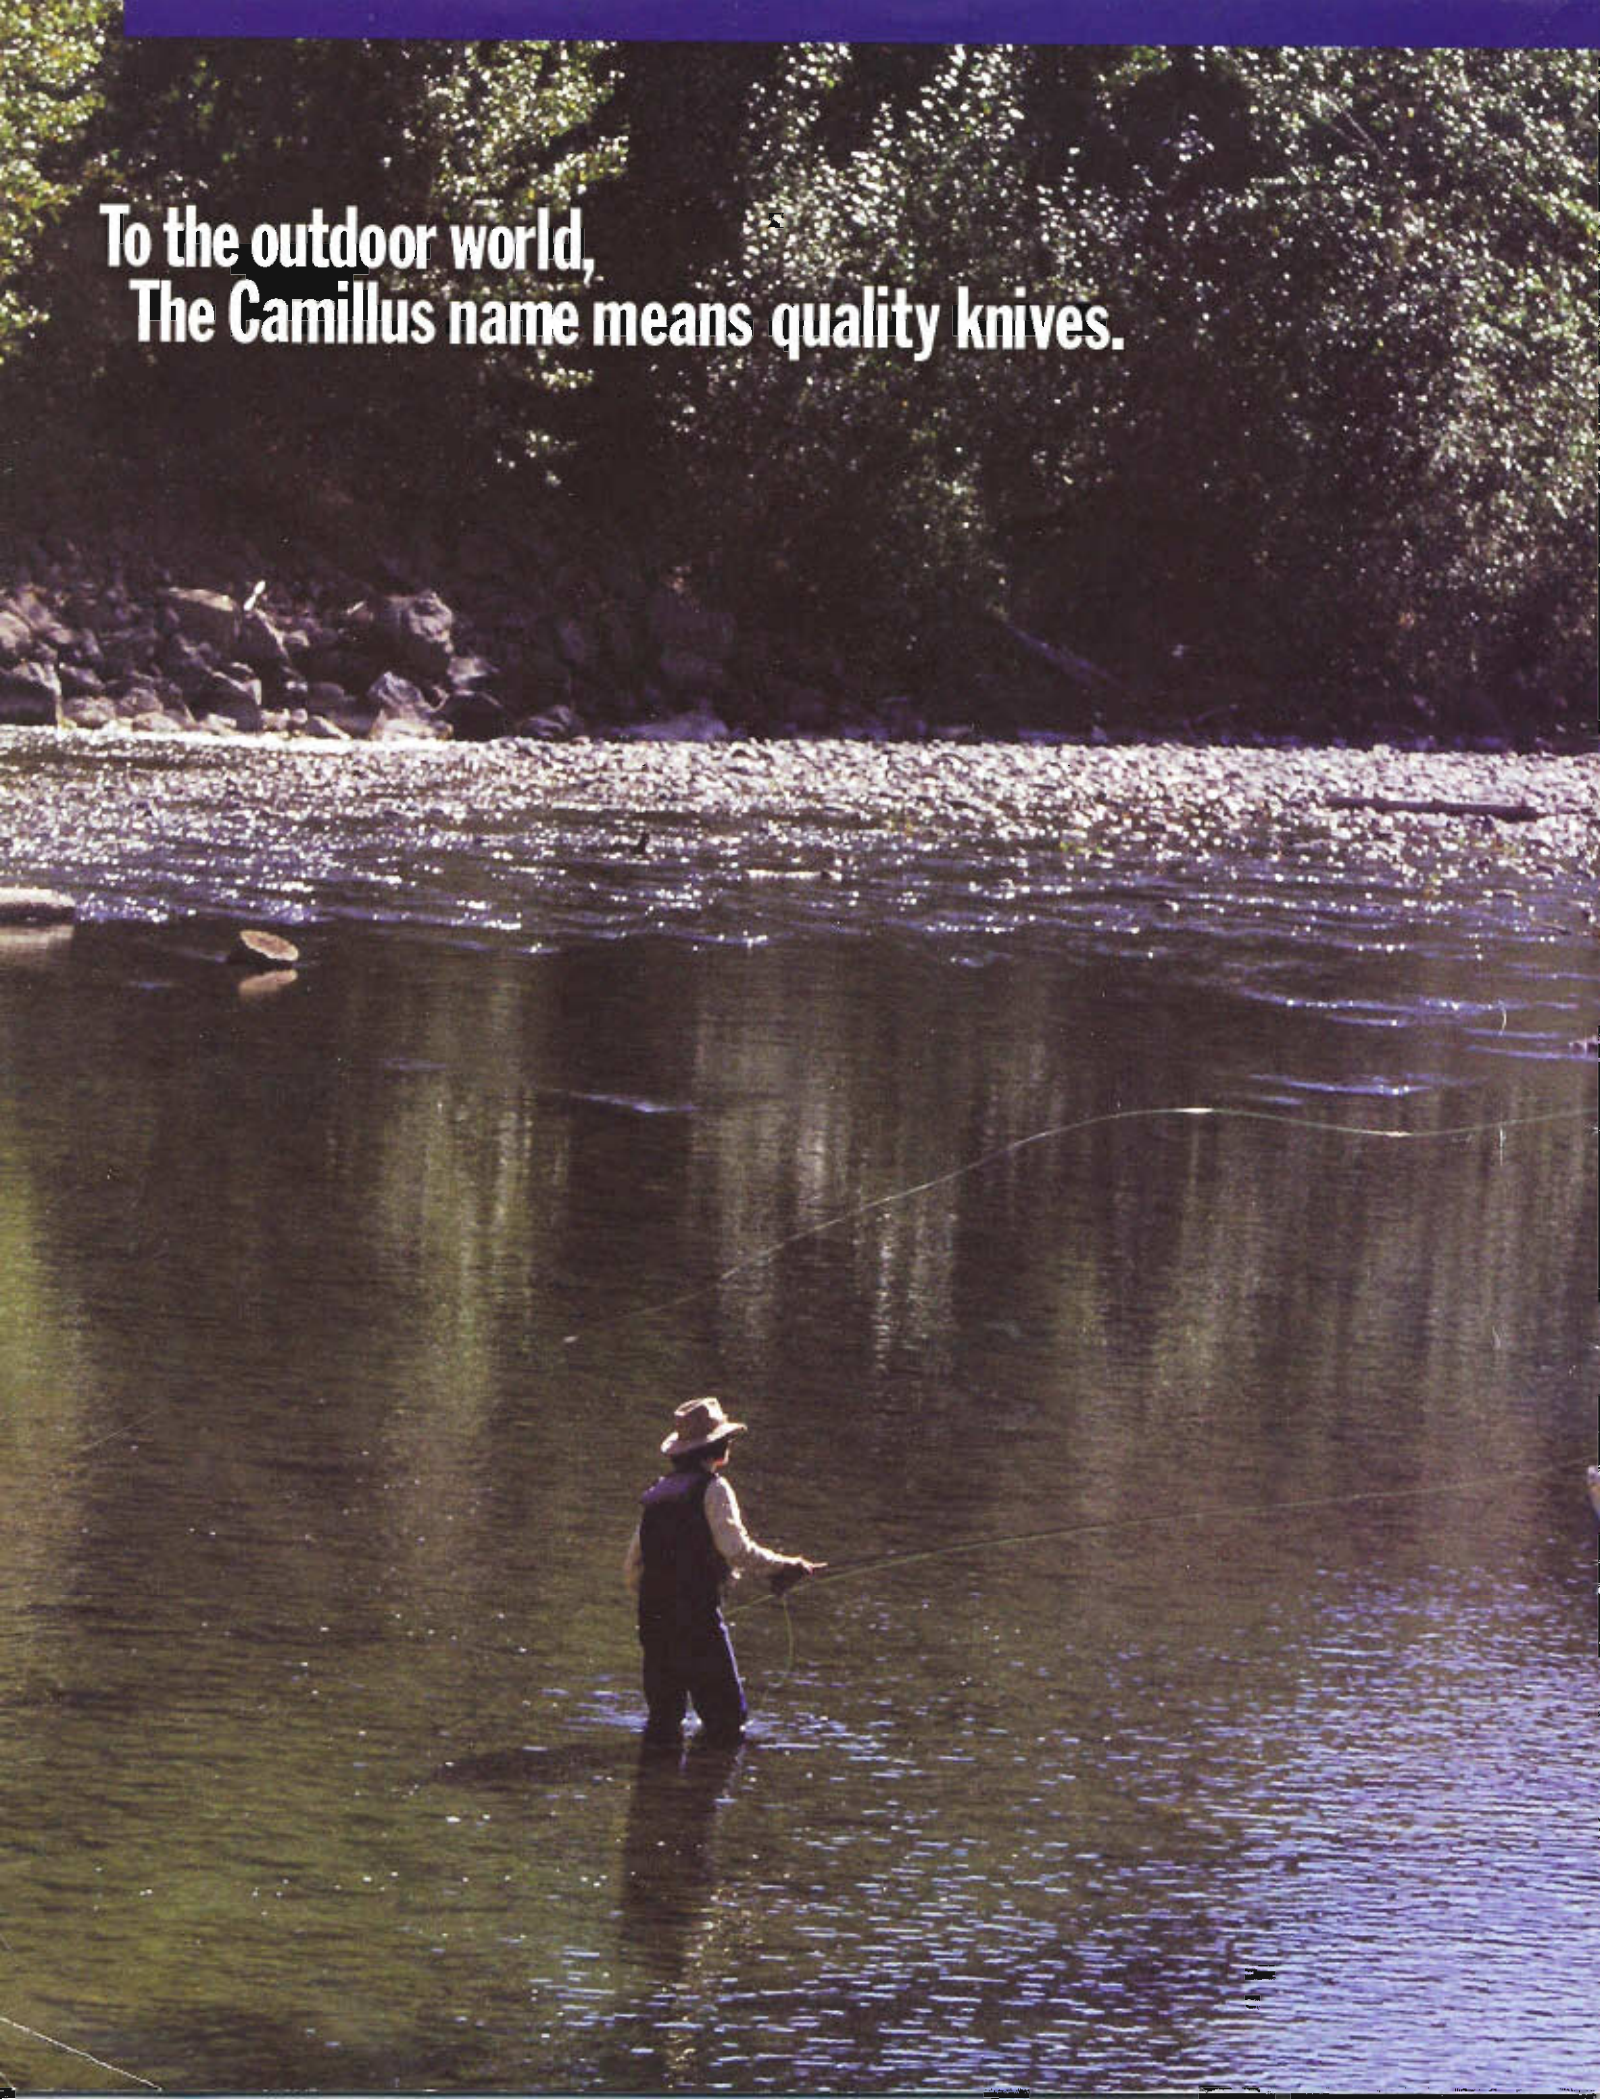
Camillus. American craftsmanship with a worldwide following.

CAMILLUS



To the outdoor world,
The Camillus name means quality knives.

As one of America's oldest and largest pocket knife manufacturers, Camillus Cutlery has answered the call for quality knives since 1876. Today, we've built a global reputation which reaches far beyond pocket knives. With four distinct brands – Camillus, Western, CUDA® and now Becker – our vast assortment now includes hunting and fishing knives, military knives, tactical and survival knives, scouting knives, utility knives, kitchen cutlery, collectibles and more.

It's American craftsmanship with a worldwide following – and it's been the Camillus way for over 120 years.

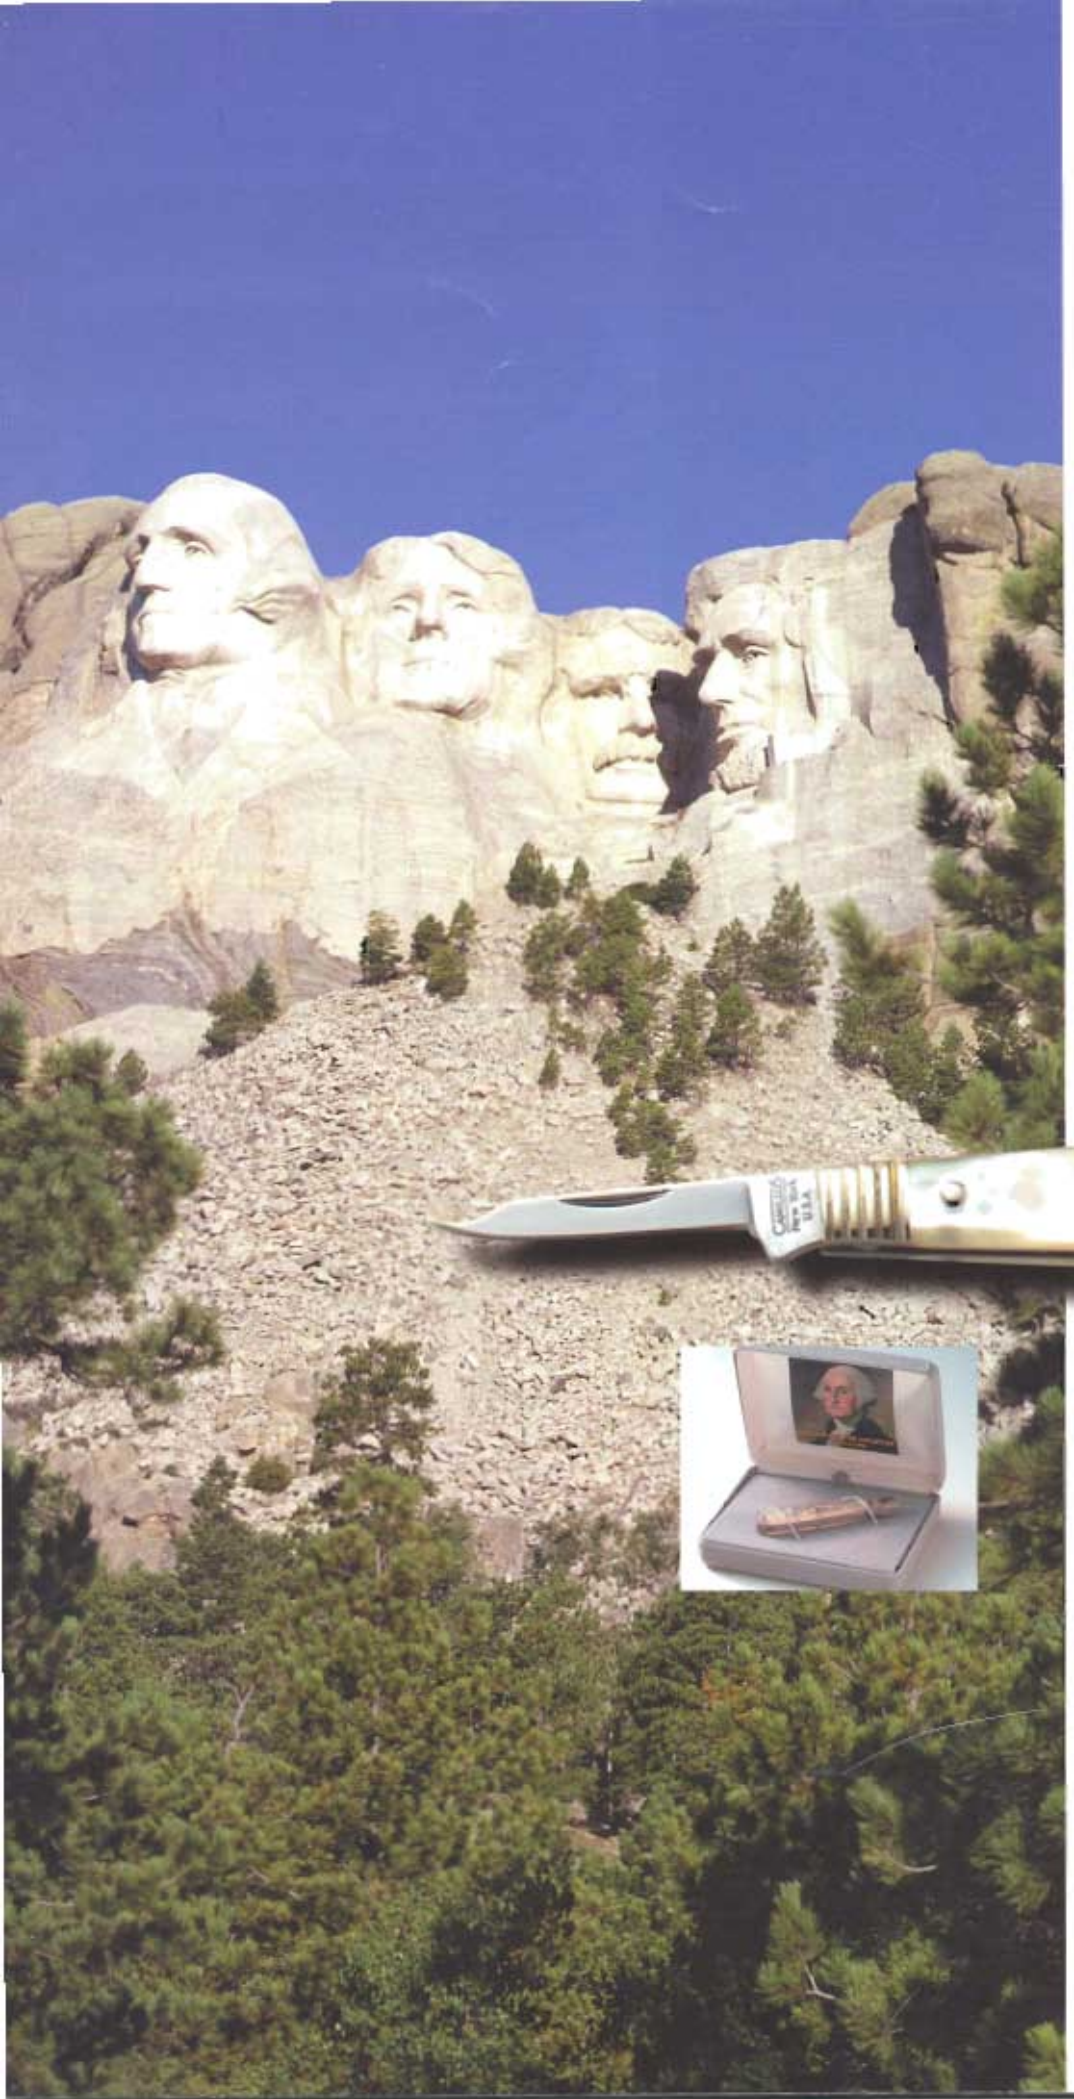
- Thumb stud opener
- Dual stainless steel liners
- High-impact circuit board scales



George Washington Pen Knife

He was The Father of our Country, and this was his pen knife.

At age 15, George Washington was presented with a pen knife by his mother, as a reward for his unwavering obedience. He carried the knife with him all his life, even as President of the United States.

Since 1812, the precious knife has been on display at the George Washington Masonic National Memorial in Alexandria, VA. Now Camillus has crafted an exact replica, to mark the 200th anniversary of the death of our founding father.

Identical in every way. The George Washington Pen Knife was requested and approved by the Alexandria-Washington Masonic Lodge #22. A portion of the proceeds is paid in royalty to the Lodge. It is 100% American-made, of course.

George Washington Pen Knife.....#GW1R

- 7" length closed (11-1/2" open)
- 4" pen blade
- Gift boxed
